TWO CENTS

CITIZENS AMALGAMATE IN OBSERVANCE OF DEFENSE DAY

LOYALTY TO THE NATION IS PROVEN

National Defense Day In Charleroi Observed By Military Units And Citizens In A Manner Which Demonstrated Patriotism

PARADE IS SPECTACULAR

Citizens Traverse Fallowfield And McKean Avenue, Halting At Pennsylvania Railroad Station, Where Thomas P. Sloan Made Address

National Defense day in Charleroi was observed by the people of the borough and contiguous vicinity in a manner which left no room for doubt in the minds of all of the intense patriotism which pervades every heart. With Old Glory unfolded to the breeze from the streets and the business houses and carried proudly in the serried ranks of the marchers in the parade the primeval object of its glorification was made manifest. There were probably 250 "recruits" in line, music being furnished by the Charleroi Slovak band and Firemen's Pipe and Drum corps.

Following the roll call in the morning, the parade in the evening was the main feature of the day, with the exception of the address made by Thomas P. Sloan of North Charleroi. This parade was formed at 7:30 o'clock at the Municipal building, and was in charge of Dr. Edwin McKay. He had as his aides Captain Edwin Patton, Lieutenant Paul Trnavsky and Lieutenant Bannister Roberts. The parade marched down Fallowfield avenue to Tenth street to McKean avenue, where the address of the occasion was made by Mr. Sloan. Prior to the remarks of Mr. Sloan, the vast assemblage was called to order by Burgess J. Bryant Tussing, and after the singing of "America," with C. Warren Kinder, leader, the course was led in prayer by the Rev. Dr. E. H. Greenlee, pastor of the Methodist church of Charleroi. Burgess Tussing made a few preliminary remarks about Defense day and what it means to the people of this land, after which he introduced Mr. Sloan in a decidedly complimentary way by saying that his "patriotism was one of the predominant attributes of his nature."

Mr. Sloan, in his decidedly eloquent and fervent patriotic speech, emphasized in particular the honor which reflects to us as American citizens that we are heirs of this great country; and further, said the speaker, "if there is a man in this country who is not satisfied with his lot here, let him go to a land which suits him better." "This country," said Mr. Sloan, "was bought by the blood of our fathers, at Valley Forge, Bunker Hill, and other sanguinary fields."

NATIONAL G. A. R. HEAD APPEALS FOR UNITY

Dr. Louis F. Arensberg, national commander of the Grand Army of the Republic, criticized the activities of the Daughters of the Confederacy and made an appeal for national unity in a Defense day address at Uniontown. In discussing the Daughters of the Confederacy, he declared the organization was seeking to place on the coin of the country the features of "a man who did his level best to destroy the union." The speaker also criticized what he termed the "carving on the face of a mountain the faces and figures of men who tried to destroy the government." At another point he declared the Daughters of the Confederacy "take delight" in displaying "a flag which was never recognized by any country or nation."

"It is time to forget east, west, north and south and to sink sectionalism and to make us single-hearted in our love for America," he declared. "We are one nation, the greatest on earth. Our slogan should be one country, one language and one flag."

CABINET CRISIS IS IMMINENT IN GERMANY

Berlin, Sept. 13. — Germany was confronted today with the makings of still another cabinet crisis. Foreign Minister Stresemann's insistence upon sending a note to the powers denying Germany's war guilt, plus his disinclination to permit this country to join the league of nations, has caused fresh talk of dissolution of the reichstag and new elections. A breach between Stresemann and Chancellor Marx has widened as a result of the former insisting upon thrusting his anti-league views before the cabinet meeting next week.

NO CRIME TO LOOK AT GOOD-LOOKING GIRL

New York, Sept. 13.—It's no crime to roll one's eyes at a good-looking girl, Magistrate Brodsky ruled upon releasing Anthony Burns who was arrested because he glanced at Miss Annie Marie Gier of Easton, Pa.

Eyes examined, glasses fitted by a registered optometrist at John B. Schaefer's. 806*

Congressman Temple To Make Campaign Speeches In New England States

It is the heritage of our forefathers handed down to us," Mr. Sloan began his remarks by saying that from 1775 down to the present time, "defense days are known and have been a component part of this nation's history. We have never waged a war of aggression, but we have defended the flag as occasion required and the exigencies of the period demanded." The speaker told of the sacrifices of our forefathers and the patriotism with which they were imbued when they left their plows in the field and laid their scythes away in the feverish days of the Revolution to "do and dare for the right."

(Continued on Page Two)

Soldiers Leave This Evening For St. Paul

This evening the private Pullman car bearing a delegation of Legionnaires and their friends will leave for St. Paul, Minn. The car will leave Monessen attached to the 6:19 train, and will leave Pittsburgh at 8:20, arriving in Chicago Sunday morning at 7:40 o'clock. After spending the day in the Windy City, the train will continue to St. Paul, and will be parked there until Friday night. Leaving St. Paul Friday evening at 9:30, the Monessen delegation will return to Chicago to spend all day Saturday, and will leave at midnight for the last lap of the homeward journey, arriving in Monessen Sunday afternoon at 4:31 o'clock.

This is the third successive year that Monessen has sent a private car to national conventions of the Legion, delegations leaving that city last year for San Francisco, and the year prior to New Orleans. Several people from McKeesport and Brownsville will be included in the Monessen car, which will be under the direct supervision of Lawrence C. Lee, chairman of the convention committee of the Monessen post of the American Legion.

Congressman Henry W. Temple of Washington, who is wellknown in Charleroi, and has made addresses here, left today for the New England states, where for the next 10 days he will be engaged in speaking for the Republican National committee, the issues of the campaign. He will discuss in his talks "Foreign Relations and the World Court." Mr. Temple is a warm supporter of President Calvin Coolidge and his policies.

ALDERMAN PARKINSON DEAD IN MONONGAHELA CITY

DeWitt C. Parkinson, residing in Gregg street, Monongahela, and an alderman in the First ward of that city, died yesterday afternoon at 3 o'clock of a complication of diseases. Alderman Parkinson had been in ill health for over two years, and his death was not unexpected. He was one of the leading residents of Monongahela and a man universally esteemed, his passing being greatly regretted.

ADVERSE WEATHER TO NOT STOP THE FLIERS

Washington, Sept. 13.—Despite adverse weather forecasts, the round-the-world fliers will not stop about 9 a. m. for Dayton, Ohio, Lieutenant Smith said early today.

"YOUR EYES." Do your eyes feel tired after reading? If so, better have them looked after. Examination free. John B. Schaefer. 806*

Men Arrested On Suspicion By Officers

Chief of Police James A. Murphy and Officer Jack Thomas placed under arrest at 7 o'clock this morning, Stein of Pittsburgh on a charge of the illegal transporting of liquor. The two men, together with Albert Perry and David Harriott of Pittsburgh, were in a Maxwell car bearing license number 842-817 when the officers placed them under arrest. They were taken to the local police station, where Perry is being held on a charge of the unlawful possession of firearms, while Harriott is being held as a suspicious character.

POLICE HAVE A VERY QUIET DAY

Despite the fact that Charleroi was thronged with people for the greater part of the day yesterday, the police had little to do. The business section of the borough was thronged last night, people listening attentively to the exercises at the Pennsylvania Railroad station, and attending the theatres. There was said to be from Point Marion and according to information received he was robbed yesterday of some ninety odd dollars.

POLICE ROUND UP A BAD GANG

Monessen police believe that with the rounding up of a bad gang of boys in the First ward of that city, petty thievery, which has aroused the residents of that section, incensed them, has been put to an end. For the past two weeks reports have been received at police headquarters that a number of homes had been entered and various small articles taken. Watches, guns, and diamond rings constituted the greater part of the loot. The boys are said to range in age from 11 to 14 years.

LIN, WAR LORD, WAGES WAR AGAINST PEKIN GOVERNMENT

London, Sept. 13.—Chang Tso Lin, Manchurian war lord, has begun war against the Pekin government, according to the Morning Post's Tien Tsin correspondent. Martial law has been declared at Mukden and Chang's troops are steaming southward to attack the ill health for over two years, and his death was not unexpected. He was one of the leading residents of Monongahela and a man universally esteemed, his passing being greatly regretted.

The first battle of the war for Pekin probably will be fought in the vicinity of Shan Hai Kwan. There was a minor clash yesterday when some Chang troops tried to steal a train and carry it off to Mukden. They ran an engine across the Shan Hai Kwan border and coupled it to the train, but were seen and routed by the Chi Li troops before they could make away with the spoils. High Chi Li officials declare there is not the slightest doubt that Chang will attempt to storm Pekin. According to the Morning Post's correspondent, W. W. Yen who was secretary to the Chinese legation in Washington in 1908-10 and later minister to Germany and to Denmark, has been elected premier of the Pe-kin government.

Effort Made To Stop Pollution Of A River

Charleston, W. Va., September 13.—Department of West Virginia, American Legion, in convention here, passed a resolution to the effect that the Congress of the United States take action to prevent manufacturers and individuals from depositing chemicals, acids and other poisonous fluids in the Ohio river. Legionnaires point out that practically every river and stream in the state of West Virginia, is a tributary of the Ohio and that the depositing of poisonous wastes in that river has resulted in its pollution and the killing of the fish in the West Virginia streams. It is also pointed out that most cities of the state which are located upon the Ohio or its tributaries obtain their water supply from the river. The Legion will work in co-operation with the WPA Life League which has been working upon the problem of preserving the fish life of the country by prevention of river and stream pollution.

President, In Issuing Order, Extends Nation's Thanks To Pershing

Washington, Sept. 13. — President Coolidge today issued the order which retired Gen. John J. Pershing from active service with the army and at the same time extended to him "the thanks of the nation for his eminent services."

Though Pershing's connection with the army was automatically severed at midnight last night, the president, gazetted his retirement to the army today with a detailed review of Pershing's career, a tribute rarely received by an army officer from his commander in chief.

The order follows: "The White House, Washington, September 13, 1924. "General John J. Pershing, General of the Armies, having this day reached the age of 64 years, is retired from active service in conformity with a requirement of an act of Congress approved June 30, 1882."

"In announcing the termination of this distinguished soldier's active military career it is deemed appropriate to remind the country of his eminent services and of the nation's obligation to one whose accomplishments contributed so largely to the defense of the world's liberties."

"Entering the army as a commissioned officer, after graduation at the United States military academy in 1886, he endured the hardships of the Indian campaigns then necessary for the pacification of the western frontier. In the war with Spain he participated in the Santiago campaign in Cuba. In the Philippine Islands, after their acquisition by the United States it fell to his lot to assist in the suppression of the native insurrection and his remarkable success in bringing under control some of the most turbulent tribes is a matter of history."

JURY DEADLOCKED OVER MURDER CASE

COSTS NEARLY TWO HUNDRED TO DEFENDANT

Pittsburgh, Sept. 12.—It costs the city of Pittsburgh, \$173.95 every year to educate a high school pupil, according to Ira G. Flocken, accountant of the Board of Education. This is almost as much as the student himself would pay to attend a university, such as Pittsburgh, where it costs \$212.50 for the year. She costs for each year in the grades schools is \$94.64 while the annual figures for each boy and girl in the junior high school is \$168.58. The annual per capita cost for an industrial school is \$177.94 and for a night elementary school \$15.29.

Body At Cross Angles In the Case of Mamie Silverberg, Colored, of Monessen. Charged With Killing Common Law Husband

INFORMANT CHIEF HORNE

Charge Made That Shooting Occurred Following a Quarrel Between the Couple in Which Accused Charged Murdered Man Intimate With Others

The jury at Greensburg is still out on the case against Mamie Silverberg, colored, of Schoonmaker avenue, Monessen, who on the morning of May 30 shot and killed Joseph W. Murchison, also colored, of Monessen, her common law husband.

The case was taken before the court yesterday morning and testimony was heard throughout the day. At 4 o'clock it was put in the hands of the jury, who were locked up for the night, but this morning it was learned that they had failed to reach an agreement. Word coming from Greensburg at noon today is to the effect that the jury is still at cross angles.

The accused was arrested on the street shortly after the crime was committed in their home, following a quarrel in which she accused the murdered man of being too intimate with other women. A revolver with but one bullet missing, was taken from the bosom of her dress after she had been placed in the Monessen jail. The informant in the case is Chief of Police William A. Horn.

There were eight murder cases in the Westmoreland county courts during this term, four of the accused in the cases being women. Five of the cases resulted with a verdict of not guilty; one continued to the November term, and one was found guilty of second degree, while the jury is still in session over the last of the eight cases.

A BACK FENCE CAT STARTS SOMETHING

New York, Sept. 13.—When a back fence cat started its nightly serenade Miss Eva Katz attacked her sister with a knife. She was taken to a psychopathic ward.

FIRES MENACING IN CALIFORNIA

PENNSY ENGINEER IS ACTIVE AT MONONGAHELA

J. E. Willard, connected with the engineering department of the Pennsylvania Railroad Company in Philadelphia, spent three hours in Monongahela yesterday morning with an assistant surveying the tract of company's land adjoining the tracks of the M. & W. Branch, from the Pigeon to Stockdaletown. Mr. Willard issued no statement regarding the reason for this work other than that he had been assigned to the surveying of the tracts. The report current in Monongahela regarding the removal of the executive offices of the Monongahela division at Uniontown to Monongahela City were denied in an official statement from Pittsburgh and Uniontown on Monday, when it was stated that the railroad company had not contemplated removal of the Uniontown offices.

San Francisco, Sept. 13. — Forest fires are again menacing two different sections of California. The village of Graniteville, with a population of 200, in Nevada county, has been cut off from all communication since Wednesday by a fire that has been slowly closing in upon it. A second fire in the San Gabriel canyon district is beyond control and is eating its way into the best timber of the Sierra Madre mountain range. More than a thousand men are now fighting this fire, several crews of fire fighters are being rushed from Los Angeles and volunteers from foothill towns are joining workers in the fire area. Efforts are being made in Nevada county to reach Graniteville. Women and children have been warned to construct a fire break to protect the town. The forest service announced last night that the fire had "assumed alarming proportions" and high schools, churches and other buildings in the area were closed.

Willie Davies Knocked Out "Frenchy" Folio In The Third Round At Clarksburg Last Nighr

Willie Davies, the young Charleroi professional ranks. Fighting at 114 pounds young Folio had been win-linght of late came through with battle and had used one of his hardest tests last night. up all the available material in that when he knocked out Frenchy Folio part of the country when young Da- in the third round of a ten-round was called upon.

Davies, who is under the manage- ment of "Jim" Buchanan, left Char- leroi on Thursday night in charge of Frank Buchanan for the West Vir- ginia city, to take part in what was the supposed to be his hardest battle- record round young Davies landed a since the local boy has entered the left hook to the jaw of the Frenchman

Pennant Hopes Revive As Pirates Defeat The Boston Braves

Notwithstanding their fatigue after the long ride on the railroads from St. Louis, Bill McKeehan's boys, still imbued with flag aspirations, suc-ceeded in doing yesterday afternoon their bit in celebrating Defense day, by nosing out the Braves 5 to 4, and along with what the Cardinals accom- plished at New York City, Pittsburgh caused a shrinkage in the alarming gap which separates them from their deadly foes, the Giants and Dodgers.

Earl Smith's home run slam, on which Charlie Grimm also completed the circuit, was the winning factor in the brush against the railenders. It came in the eighth inning when one was retired.

Earl socked a tremendous line- over center. Herbert Thomas, a youngster who is playing the outfield, went back at a dizzy gait and attempted to harvest the pill on a running leap, but it proceeded to the rear of the big park and was chased all the way to the foot of the flagstaff. That wallop shoved the Buccaneers forward to within two games of the dangerous Dodgers and two and one half from John McGraw's leaders.

Wilbur Cooper and Jess Barnes were the pitchers who began the battle but both veterans retired be-fore the finish. The southpaw ace weakened in the fourth inning and when he showed further signs of fa- tigue in the fifth Jeff Pfeffer was promptly hustled to the rescue as the Braves tied the score. Pfeffer was credited with the victory.

RECEIPTS OF WILLS- FIRPO ARGUMENT ARE \$424,000 NET

New York, Sept. 12.—Total receipts from the Harry Wills-Firpo heavy- weight fight in Jersey City Thursday night hardly will be more than \$424,000 net, according to Tex Rickard's estimate. The attendance was very disappointing as there were only 18,500 paid customers. Firpo drew \$159,000 and Wills \$150,000. Rick- ard said he hoped to make about \$80,000.

If Gene Tunney will sign articles, Rickard said, he would stage a Tommy Gibbons-Tunney light heavy- weight championship bout in the Jersey City arena early in October. Gibbons signed several weeks ago.

If you have more room in your home than you need, a Mail Classified Ad. will rent it for you, quickly.

DUNDEE MEETS BERNSTEIN AS A LIGHTWEIGHT

Johnny Dundee, the portly little heavyweight champion of the world, will fight as a lightweight next Mon- day night in a bout with his habitual opponent, Jack Bernstein at the Queensboro Club in Brooklyn. They are to scamp 15 rounds to a deci- sion.

Although Dundee has fought light- weights and even welterweights with- out number in the course of the 12 years in the ring, this will be his start as a confessed lightweight. In all his other bouts regardless of the weight of his opponents Dundee claimed to be a feather.

GEORGES GETS HIS CLOTHES SOILED IN TILT WITH MECHANIC

Paris, Sept. 12.—Georges Carpen- tier, the gorgeous French fighter, tried his fists at a new game here to- day when he engaged in a rough and tumble over a greasy garage floor with a mechanic.

Georges became peeved when the mechanic refused to take his car up to the second floor and he dived into his vaunted right fist in the nose of the mechanic.

"You don't know who I am," he shouted. "I'm Georges Carpentier."

In his best French the mechanic replied that he didn't give a good American damn for Carpentier and the gorgeous one swung at him.

The mechanic tackled Georges around the knees and tumbled him to the floor where he wiped some of the oil and grease with Carpentier's lat- est Fifth Avenue creation.

CANDIDATE DAWES CALLS ON RIVAL CANDIDATE BRYAN

The first photo of the Vice-Presidential Candidates of the two major parties together. Brig.-Gen. Charles G. Dawes (left) calling on Governor Charles W. Bryan, at his office in the Capitol at Lincoln. They chatted of old times in Lincoln for a while and when the Republican nominee was leaving the Governor remarked: "Well, General, I wish you success in all your future efforts and undertakings except at the election in November." Mr. Dawes, laughing, thanked him.

TO COME HERE AS "WHITE MOTH"

Maurice Tourneur's "The White Moth," a story of the French theatre, featuring Barbara La Marr and Conway Tearle, will be the First Na- tional picture at the Majestic Theatre next week for three days, beginning Monday.

It has been elaborately produced and is said to mark the finest of Tourneur's achievements as well as the best work of the artists who have interpreted it on the screen.

"The White Moth," originally ap- peared in Ainslie's Magazine, being the work of Izo'e Forester, author of "The Gray Path," "The Feast of Lights" and other stories. The film adaptation was prepared by Albert Shelby LeVino.

The plot centers around the expe- riences of Mary Reid an American girl, who, after studying music un- successfully in Paris, becomes a fa- vorable dancer on the Parisian stage, where she is known as the White Moth. She falls in love with a young American millionaire, Douglas Van- tine, but his brother Robert marries her in order to forestall what he thinks will be a mesalliance. And here, the denouement.

Miss La Marr has the title role, while Ben Lyon plays Douglas Van- tine and Conway Tearle is seen as Robert.

Others prominent in the cast are Edna Murphy, Josie Sedwick, Kath- leen Kirkham and William Orlan- mond.

MANY CLASSICS PRESUMED TO GO TO THE POST

Belmont Park, N. Y., Sept. 12.—Thirty-one of the finest two-year-old thoroughbreds in training have been named for the \$75,000 futurity to be run over the six furlong straightaway course here this afternoon. It will be the largest field in the history of the classic if they all go to the post.

The best colts and fillies of the east will be opposed by three powerful westerners. Sweep Park, Pas Seul, and Kentucky Cardinal. Sweep Park, a filly, probably will go to the post a heavy favorite, although she has to carry 127 pounds.

One Dreadful Moment in Kate Wiggin's Life

In 1897 Kate Douglas Wiggin was presented at Holyston palace. She de- scribes what happened in "My Garden of Memory".

"I watched the curtsies carefully to see how those to the manner born car- ried themselves, and as I neared the lord high commissioner I noted one young lady, virtuous, I am sure, for she was extremely ugly, who allowed a long, bun, foot and ankle to appear as she swept aside her train.

"I glanced down to enjoy the effect of my own white satin shoes with crystal buckles, when lo! I beheld large, black, bedroom slippers on my feet."

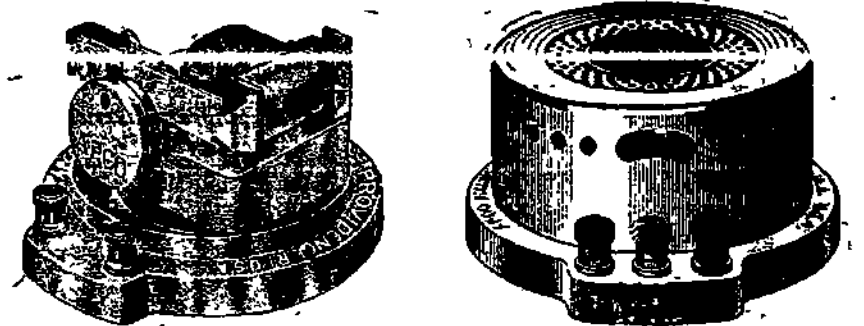

"No words can describe my con- fusion! I could easily have fainted, but an instant's thought showed me that I should make a scene at court, and when borne out by Lord Kinnear my shoes would attract immediate at- tention, probably fall off and be hand- ed to him by the purse bearer, or a titled aide-de-camp. I summoned all my courage and, when the awful mo- ment came, made the deepest and most distinguished of curtsies with one end alone in view, that of concealing my feet."

She was obliged to remain in her room for some days for the removal of the proceedings.

Gifted Englishwoman

Elizabeth Smith was born in 1778 at the family seat of Burnhall, County Durham, England. She understood mathematics, drawing, Hebrew, Syriac, Arabic, Persian, Greek, Latin, Italian, Spanish, German and French. Her works, "Fragments," "Translation of Job," and "Translation of the Life of Klopstock," have been published. She was also a poetess of ability. She died in 1806, aged thirty.—Chicago Journal.

APCO Battery Charger

Every part beautifully finished in black enamel and polished aluminum. It works as well as it looks.

A brand new type of battery charger that will fully charge a radio battery over-night and a charger that has eliminated the troubles experienced with all other vibrator types.

It delivers seven and one-half amperes and consumes but seventy-five watts, which is a degree of efficiency never before obtained, being 70% against from 25 to 50% for other chargers.

An exclusive APCO feature is its quietness and at a distance of ten feet from the charger it cannot be heard. With the automatic kick-off, sticking points and conse- quent damage are absolutely eliminated.

It is self polarizing, will operate on a 40% variation in voltage, estimates a taper charge which is automatically governed by the size of the battery, and has an improved indicator.

Price \$18.50 Complete
Complete with Battery Clips.

NEW AND OLD CHAMPIONS, NATIONAL MIXED DOUBLES

The winning pair and the runners up at the conclusion of the final round of the National Mixed Doubles Tennis Championships in Boston. Left to right: Vincent Richards, Helen Wills (new champions), Mrs. Molla Mallory and William T. Tilden, Jr. Mrs. Mallory and Tilden were the champions in 1922 and '23, but youth won out this year.

15 New Studebakers

Including an entirely new type of car—the **DUPLEX-PHAETON**

Today Studebaker has made Automobile History and established standards of value and quality more fully and obviously than ever before.

TODAY Studebaker proves that beautiful, distinctive, stylish body lines can be originated by American body designers without following precedent or imitating or adapting what has been done before.

Today Studebaker proves that a practical and beautiful type of car can be made to combine the pleasure and performance of the open car and the comfort and protection of the closed car—and this without excessive price or compromised quality—a car "duplex" in open-car smartness and convenience and closed-car elegance and comfort—and at a price no higher than that of an open car!

Today Studebaker proves, in its new Standard Six Duplex model, that a six-cylinder car of fine quality, great power, plenty of room and impressive appearance can be made and marketed at a price of \$1495 and \$1875 respectively.

Today Studebaker proves in its new Special Six and its Big Six Duplex models that the ultimate in all the essential features of quality in five- and seven-passenger cars can be made and marketed at a price of \$1495 and \$1875 respectively.

And this is possible only because Studebaker cars are made in one of the most comprehensive industrial plants in this country, 70 per cent of which is new within the last six years.

Every modern method of manufacture and long experienced management are available for the production of Studebaker automobiles.

Today Studebaker proves that the highest grade closed car bodies—framed in selected hard woods, cushioned with the best cushion work, upholstered in fine mohair fabrics and fitted with expensive appointments—can be made and marketed on superlatively good chassis at moderate prices.

This is made possible by the new \$10,000,000 Studebaker closed body plants. Studebaker designs and builds all of its closed bodies in one of the best equipped and most modern body plants in the industry.

The Three New Chassis

THE STUDEBAKER STANDARD SIX—113 in. wheelbase, 5-passenger. Engine, 3½x4½, 50 b.h.p.—with 6 different bodies, including Duplex-Phaeton, Duplex-Roadster, Coupe-Roadster, Coupe, Sedan, and Berline.

THE STUDEBAKER SPECIAL SIX—120 in. wheelbase, 5-passenger. Engine, 3½x5, 65 b.h.p.—with 5 different bodies, including Duplex-Phaeton, Duplex-Roadster, Victoria, Sedan, and Berline.

THE STUDEBAKER BIG SIX—127 in. wheelbase, 7-passenger. Engine, 3½x5, 75 b.h.p.—with 4 different bodies, including Duplex-Phaeton, Coupe, Sedan, and Berline.

The Ten New Closed Bodies

COMPLETELY NEW BODIES—each car a masterly expression of modern style, yet distinctly

Three completely new chassis!.. 15 completely new bodies!

Completely new lines!... Marvelous new performance

Completely new open-closed car!

Completely new radiators, new fenders, new lamps, new seating comfort, new finish, new colors in lacquer finish, three improved engines

Real balloon tires, not low-pressure cords. Sizes—21"x 5.25" to 20"x 7.30".

New Studebaker automatic hydraulic 4-wheel brakes—optional.

New values, never before equaled—even by Studebaker!

original in beautiful lines—individual, conservative, impressively elegant, but crisp enough in its departure from imitation to be entirely distinctive.

The Five New Duplex Bodies

(A new type of car originated by Studebaker to take the place of the open car)

SO ENTIRELY NEW and so different from any other body ever made before that a new name had to be created—the **DUPLEX**.

The upper structure is shaped in pressed steel and covered with the finest water-proof fabric. The steel construction permits the use of another radical Studebaker creation, the new roller enclosing curtains. There is the permanent beauty and durability of the steel top plus the instant convenience of the roller curtains.

Thus Studebaker engineers have solved the open-closed car problem.

The buyer who wants the airiness and practical convenience of the open car and who also wants the comfort, protection and beauty of the closed car can now get both in one car and at the price of an open car.

One moment the new Studebaker Duplex is a beautiful open car—a touch of the hand to the overlapping roller curtains and it is a snug weather-tight closed car.

Balloon Tires

Genuine and full size balloon tires on all models. Every part that functions with the tires has been specially designed for balloon tire equipment—steering gear, steering knuckles, spindles and springs, even the fenders.

New Lacquer Finish

The Standard Six closed bodies are beautifully finished in semi-glaze, satin lacquer. The hood and lower panels are in light gray; the upper panels in darker gray. Hairline parallel striping in oriental red. Burnished nickel radiators, jet black fenders, light golden finished, natural wood wheels and big balloon tires are contrasting touches.

The Standard Duplex Models are finished in glossy jet enamel—lasting, lustrous and wear-resisting.

The Special Six and the Big Six Duplex models are in soft satin lacquer with dark blue hoods and bodies striped in light blue and ivory. Here, too, the sparkle is added with burnished nickel radiators and light, natural wood wheels in contrast with jet black fenders and big, black balloon tires.

More Power

The universally famous Studebaker engine is more than ever a peer among power plants. The crankshaft is heavier. ALL surfaces are perfectly machined to exact dimensions and balance. The bearings are larger.

The engine is in unit with the clutch and transmission. There is a force feed lubrication system with clean, strained oil always in reserve. There are many changes and improvements which result in **MORE POWER, MORE QUIETNESS and SMOOTHNESS and STILL BETTER PERFORMANCE** in every way.

New Brakes

Larger, more powerful, simpler and much easier operated two-wheel brakes. An entirely new emergency brake is operated from the instrument board, instantly convenient to the driver's hand where it simplifies the control and frees the floor board from

the old style lever. It acts on the propeller shaft. There is uniform pressure at each wheel—equalized through the rear axle.

The regular two-wheel Studebaker brakes with their simplicity, safety and great braking power are entirely adequate.

But Studebaker 4-Wheel Hydraulic Brakes (with disc wheels) can be furnished as optional equipment on all models at extra charge if desired.

Studebaker 4-Wheel Brakes have three exclusive features not found on any other system in this country.

1. Braking pressure is furnished by hydraulic power automatically developed. A light touch to the braking pedal controls its great force like a touch to the throttle controls the power of the engine. This feature will appeal instantly to women.

2. The front wheels cannot lock.

3. There are only two adjustments required—one at each rear wheel. The front brakes are permanently adjusted at the factory. The oil in the transmission is used to generate the hydraulic power; the action of the gears and the pump keep it in circulation: it cannot congeal or freeze. Braking power is always instantly ready—in winter as well as in summer!

New Ease of Operation

New Ease of Gear Shifting—New power in braking, a touch to the pedal exerts a giant's strength at the rear wheels—New clutch action, soft as velvet—A new steering gear and steering knuckles designed for balloon tires—A new grouping on the dash, including ALL the usual instruments plus a gasoline gauge that always works accurately.

Lighting Control Switches—all on the steering wheel—instantly handy.

Automatic Spark Control—No manual attention required, so the lever is eliminated. Automatically governed to all speeds with the precision of machinery.

And the Details

The new cars are longer and lower to the ground. The line from the radiator to the rear is nearly straight. The wheelbase of all models is increased.

The fenders are much wider and deeper crowned to cover the width of the tires. They fit more closely over the wheels. The rear fenders are long and gracefully curved into the running boards.

The radiators are high and set low in the frames and convex curved just below the filler cap. The design is strikingly original and beautifully distinctive.

Entirely new head lamps and cowl parking lamps designed by Studebaker—artistically appropriate and in perfect keeping with the originality of the body and fender design.

Deeper, stiffer frames, more cross members; shorter, flatter springs for balloon tires. All bodies lower, all roomier, better and more comfortably cushioned. Seats are lower, backs and sides are higher.

Look Forward Into Next Year

The new Studebaker is here today. And no matter how sweeping your ideas of what a new model should be this car will satisfy you. It will thrill you with the very newness and originality of its beautiful lines!

You may not be in the market now, or even this year. But to see the new Studebaker is to look forward into next year—and the year after! **SEE IT TODAY!**

THE PROPOSED BRIDGE.
Residents of Allenport and Fayette City feel the need of a bridge to connect the two towns, thus doing away with the ferry transportation long since antiquated, if not unsafe. In their desire for the structure, they have the sympathy and aid of the Charleroi Chamber of Commerce, who, through its directorate, went on record Thursday night as favoring the proposal.

The construction of the bridge is in line with the development of the Monongahela valley, from time to time. Citizens of Allenport and Fayette City have long since found that the ferry is too slow a means of transportation, and that the demand for the bridge is as great as that of the demand for more and better highways, and the improvement of the roads we now have.

Inasmuch as attorneys have been engaged by the counties of Washington and Fayette to present the needs and importance of the bridge to the courts of the counties, it is the province of bodies of whatsoever nature in the counties to lend their aid that the needed structure become a reality in as short a space of time as possible. It is believed that the courts of the two counties will see the feasibility and actual necessity of the structure, and will instruct the county commissioners to appropriate the necessary amount for the building of the bridge.

NEXT, ARMISTICE DAY.
Charleroi citizens, and particularly the men and boys, members of the Boy Scouts, army units, et cetera, evidenced their patriotism and loyalty to their country in no mistaken manner yesterday—Defense day. There is no argument but that old and young would give their all on the altar of their country's devotion and loyalty to the stars and stripes. The success of the demonstration here reflects the greatest of credit to the borough and its citizenship.

The next celebration or observance of patriotism will be that of Armistice day, November 11. It is now six years since the Armistice was signed, but the memory of the deeds and the time will never be effaced from the scrolls of this country's history. This day to the World War veterans and the people of the country generally, is one of the brightest and best in the annals of the history of the world. There are wars now and rumors of wars, but it seems unlikely that the nations will soon again enter into a World war conflict, where might will strive to rule instead of right. The experience of those who attempted such a thing in the bygone days, of such recent occurrence was a lesson we trust wisely learned.

THE OFFICE CAT

The bathing girl doesn't care a wrap.
Laugh and the world laughs with you,
Laugh and you laugh alone,
The first when the joke's the other fellow's,
The last when the joke's your own.
A wise man will avoid having his picture taken while he is being kissed.

Out in the great open spaces it is easier to keep a shirt clean, but it isn't necessary.
Some day the married men will inherit the earth. You can have just one guess as to the passage of scripture upon which this is based.
A good many people are bending their energies toward communication with Mars, without ever a thought of what they are going to say when they get him on the line.
Misses—Jane, how would you tell an old goose from a young one?

MR. MERCHANT:

Have you ever thought of this?

YOU may be entertained by news of the Yanks and the Giants, but you are not vitally interested unless you have money at stake; and the shifting of European boundaries doesn't affect you half so much as the softness of your mattress, the comfort of your shoes, what you ate for breakfast, how much your last hat cost.

That's why advertising news deserves as much attention as sporting or international news. The advertisements keep you informed of all the latest comforts and conveniences that can make your daily living more delightful. They tell where to secure the best, how to save money, how to lessen work, have a better home, better food, better clothes, more luxuries.

You can't keep up with the daily news---the kind that affects you most ---unless you read the advertisements.

They are the chronometers of local time. You'll find it highly profitable to adjust your living by them.

Advertising is the only news that really saves you money--read them all. The wide-awake merchant has his own little story to tell in the Mail advertising columns.

The Personal Side

J. D. Berryman of Lincoln avenue, was a business caller in Connellsville yesterday.

Arthur A. Morgan of Bridgeville, is spending the week end in Charleroi visiting with friends.

William M. Donahey and D. F. Paul of Brownsville, were business callers in Charleroi yesterday.

Mr. and Mrs. Wilfred Easton moved yesterday from 614 Fallowfield avenue to 217 McKean avenue.

Miss Lillian McKee of Tarentum is a week end guest at the home of Mr. and Mrs. A. E. Ludwig of Ninth street.

Mrs. Louis Collins and daughters Pauline and Eleanor of Washington avenue, are spending the day in Pittsburgh.

Mrs. Frank Donaldson, daughter of Mr. and Mrs. W. H. Smith, all of McKean avenue, are motoring to Pittsburgh this evening to visit with friends.

Mr. and Mrs. Joseph Young and son Harvey of Carteret, New Jersey, who have been visiting among relatives in Charleroi this week, returned home this morning.

Orman Morgan, local tenor, last evening sang with the McKeesport Male Quartet at Mobilization Day exercises held in the Junior High school building at McKeesport.

Mrs. J. W. Fryan has returned to her home in McKeesport last evening, after spending the week at the home of her brother and sister-in-law. Mr. and Mrs. E. H. Bradley of Fallowfield avenue.

Mr. and Mrs. Walter Eckbreth of Monongahela, are the proud parents of a son, Walter M. Jr., born Monday afternoon at 12:15. Mr. Eckbreth is affiliated with the Charleroi Hardware company of McKean avenue.

Dr. and Mrs. V. P. Vieslet, Dr. and Mrs. Shaner Blythe, Mr. and Mrs. Gay Woodward, Mr. and Mrs. J. G. Albright, all of this place, Dr. and Mrs. A. S. Sickman of North Charleroi and Dr. and Mrs. I. E. Roland of Elizabeth, have returned home from a motor trip of almost three weeks. With Canada as their goal, the party motored by way of Niagara Falls and Buffalo, and upon returning came through the New England states.

German Scientists Find
Hoof-and-Mouth Germ

Berlin, Germany.—Bacteriologists throughout Europe have been interested in the recent announcement here of the discovery of a bacillus capable of reproducing the hoof-and-mouth disease in animals. Specialists have come to Berlin to investigate further, while there have been many letters and cablegrams from the United States and England, where there have been epidemics this spring. News of the discovery came from Prof. Paul Frosch of the Royal Veterinary college, who has been working on the problem several years in conjunction with Professor Dalmier.

The new bacillus has not yet been subjected to sufficient confirmatory tests to make it possible to say positively that it is the final solution of the difficulty, but medical journals in Germany and England have written enthusiastic articles about it, and various authorities have ventured to predict that this enthusiasm has not been misplaced.

According to writers on veterinary subjects in these periodicals, the hoof-and-mouth disease is supposed to have been a European malady for more than 2,000 years, though it was not until the Seventeenth and Eighteenth centuries that positive proof of its presence was found.

Alaska's Brown Bears

Lure Hosts of Hunters

Anchorage, Alaska.—Fourteen hunting parties, each with two to seven men and women, have left here for the Northwest to hunt America's biggest flesh-eating animal.

The Alaska peninsula is, without doubt, the best big bear country in the world today, although in sections where a hunter, five years ago, would get from twenty to fifty pelts in a season, these animals are extinct. In secluded areas on the Bering sea side the brown grizzlies are found in great numbers. Trappers arriving here tell of having sighted twenty to forty bears in a single day's march.

The range and distribution of the Alaskan grizzly is for the most part through the coastal country from icy straits, near here, along Prince William sound, Kodiak and other islands, the entire Alaskan peninsula and along Bristol bay and Bering sea. In fact, the big brown bears are found where

The results of the de luxe bear chase are the finest pelts for rugs, robes or coats. Attractive trophies of mounted heads and claws are brought home to adorn offices and smoking dens. The short season when the hides are well furred assures the crop for many generations, provided, of course, that salmon and other food for the animals continues abundant.

COLUMNS—IT PAYS!

In Society's Realm

The regular semi-monthly meeting of St. Jerome's Sewing Circle was held in the Lyceum, Wednesday evening with 20 members present. After the business matters were disposed of, card games were indulged in, the favors being awarded to Mrs. Cooper and Mrs. Ligon. Luncheon was served by Mrs. Rigby and Mrs. Schafer. The next meeting will be held at the home of Mrs. Mary Bezy, Maple Creek, Wednesday, September 24. All members are urged to be present at this meeting as important business matters are to be discussed.

The Queen Esther Circle of the Methodist Episcopal church held its first meeting of the year at the home of Miss Mattie Kelley of McKean avenue last evening with a large attendance of members. Miss Muriel Baker, president opened the meeting and conducted the business session throughout. Much enthusiasm was shown and plans were made for the forthcoming year's work. The Circle decided to sell Christmas cards, the proceeds to be used in paying the pledges for the support of home missions. In order to evince more interest in selling these cards, the Circle was divided into two teams, with Mrs. David Mitchell and Mrs. Gordon Harrington as captains. Five new members were added to the roll. Following the business session, a dainty luncheon was served by the hostesses, Mattie Kelley, Hazel Lambert and Hazel Hartford, assisted by Alvera Lambert, Mabel Baker and Mrs. E. C. Kelley.

Full of enthusiasm and renewed vigor after the summer vacation, the members of the Standard Bearers class of the Methodist Episcopal church held their first meeting of the year at the home of Miss Evelyn Warren of Meadow avenue Thursday evening with a very good attendance. Miss Martha Watson, retiring president, conducted the devotional exercises and the meeting was opened. Many plans for the forthcoming year were discussed and the book, "The City of the Morning Light," was chosen as the study of the year. The election of officers was one of the outstanding features of the evening with the following result: President, Miss Evelyn Warren; vice president, Miss Mary Anderson; secretary, Miss Florence B. Hott; treasurer, Miss Helen Nelson; pianist, Miss Martha Watson. The matter of securing new members into the society and a better attendance than came up for its share of discussion. A decision was reached and plans formulated and if it proves a success, will add immeasurably to the aim of the society. A campaign was launched for new members, two teams made up of class members being selected, with Miss Gladys Johnson captain of the Giants and Miss Edna Welch as captain of the Pirates. This campaign will continue until January, 1925, the losing side to pay with a banquet. At the next meeting which will be held Thursday, October 2, the new members will be brought in. At the conclusion of the business session, luncheon was served by the hostess.

"LILY OF THE DUST"
POLA NEGRI'S LATEST

LILY OF THE DUST should rid you Who was the beautiful woman who smiled bravely while her stern-looking husband, clad in the uniform of an officer of high rank, slowly closed his fingers in vice-like grip over her bare arm?

Diners crowding the tables of a fashionable cafe in a European city who witnessed this little act of cruelty exhausted their imaginations in speculation concerning the identity of the pair. When the woman, superb in a gown of black velvet, rose from the table all eyes followed her as she swept from the room.

The scene occurs in "Lily of the Dust," Pola Negri's latest starring picture for Paramount produced by Dimitri Buchowetzki and coming to the Coyle Theatre next Monday, Tuesday and Wednesday.

Pola plays the role of the wife, and Noah Beery that of the officer. The story which lies behind this little tragedy in the dining room is one of the most dramatic and fascinating which has ever been made into a motion picture film.

Heading the strong cast playing in support of the star are Ben Lyon, Beery and Raymond Griffith. Others are William J. Kelly and Jeannette Daudet. Paul Bern wrote the screen play.

Sweaters Suitable for Girls Attending High School

Quality Gives This Car Distinction

There is a solid, sound quality element about the Rickenbacker, that appeals to conservative, substantial people.

We are informed that this quality element alone, which is present in every part, piece and pattern of Rickenbacker, is very often the determining factor which influences careful buyers to select this carefully made car.

Wherever you find people of good judgment—people who are accustomed to the best things in life—you will find Rickenbackers in goodly numbers.

Folks have a feeling of security in choosing the Rickenbacker. They know their hard-earned money is well invested. They are assured of complete satisfaction. They experience a warm Pride of Ownership.

Then Rickenbacker is such a sweet car to drive. So sensitive to your slightest touch. Also remarkably economical on gas, oil and tires. It performs so consistently—and is so reliable and trustworthy under all circumstances.

Mechanically the car is perfectly balanced—has an endless list of engineering refinements—is harmoniously proportioned—and finally is so good to look at.

Rickenbacker is a family car—yet thoroughly modern—very modern—and almost magical in performance.

Either the Vertical 8 or Famous 6 are light in weight—and light in price. Also easy to steer—and easy to purchase, for we will gladly arrange a series of payments, if you so desire.

Phone in today—let us demonstrate at your convenience.

Believe Tobacco Necessity
Spanish beggars do not think it necessary to conceal their cigar when asking for alms. Smoking is considered as necessary as breathing to every human being out of the cradle.

Many Jewels Mined

One million carats of rubies, 64,000 carats of sapphires and 20,000 carats of spinels were produced by one mining company in Burma last year.

Largest Museum

The British museum, in London, which includes the British Museum of Natural History, is undoubtedly the largest institution of this kind.

Or Even Less

A Chicago mechanic put a car together in 43 minutes, but a fool can take one apart in three seconds.—American Lumberman.

One Idea of Genius

Genius is a mild form of insanity that causes a man to toil incessantly without knowing what he will get for his labors.

Brave Man

A brave man is a doctor who attends a case of nerves and prescribes a regular job.—New Haven Register

CARD OF THANKS.

We wish to thank our friends and neighbors for their kindness and sympathy during our recent bereavement. In particular, Mr. and Mrs. Turnbull, Mrs. Morrow, Mrs. Liever, Mr. and Mrs. Lepore, Mrs. Protin, Mr. and Mrs. Trozzo.

1651p Camille Savarno.

Notice to Contracting Drillers.
There will be a Constable Sale at the Boulanger Farm in Fallowfield Township, Washington County, Pennsylvania, on Friday, December 19th, 1924, at 2 o'clock p. m., of 2 six-inch stems, 6 bits, Steam Engine, Boiler, 5 six-inch Jars, 2 Railways, 2 Wrenches, Flywheels, Cable, Oil Barrels, Jacks and numerous other articles taken in execution under due process of law.

INTestinal Disorders
Subluxations of spinal vertebrae are the cause of intestinal disorders. The Chiropractor relieves these disorders by realigning the misplaced (subluxated) vertebrae with only his hands. The vital force he releases brings health. Start getting well today.
